

## Challenges of Preclinical Research in Spain

### Session in Spanish

The goal of this panel is to address some of the bottlenecks that surround preclinical research, causing some deficiencies in the Spanish public research systems to transfer the outcome of their efforts from basic research to a point where it is attractive to the pharmaceutical industry.

### Moderator:

- **Amelia Marin**, Farmaindustria (Spain)

### Speakers:

- **Anabel Sanz**, Head of Tech Transfer, CRG (Spain)
- **Jose Manuel Bartolomé**, Scientific Director, Janssen (Spain)
- **Andrés Ubierna**, Head of Department of Capitalisation of Technology Companies, CDTI (Spain)
- **Clara Campás**, Managing Partner, Asabys Partners (Spain)
- **Marisol Quintero**, CEO, Highlight Therapeutics, (Spain)
- **Javier Granda**, Health Journalist and Member of the Association of Health Informers (ANIS), (Spain)
